

"OPEN THE DOOR"
CONTRACT ADDENDUM

The Artist will meet with pre-selected students who will participate with him on stage during the performance of "Open the Door". The rehearsal will take place 30 minutes prior to the performance time.

Number of students to be selected:

15 students for one (1) performance, 30 students for two (2) performances (15 students per show)

**EXCEPTION: If there is only time for one 30 minute rehearsal before two back to back programs, select only one group of 15 students to perform in both programs.*

Who should be selected:

Students from those grades who will be attending the program should be selected to perform.

**EXCEPTION: If the program is for grades K-3, students should be selected from only grades 1 – 3. Although this program is perfectly appropriate for kindergarten children, they are just a bit too young to follow the instructions necessary to participate on stage.*

Breakdown of selection:

If there are three grade levels participating in the program, please select 5 students from each grade. If there are two grade levels participating in the program, please select 7 or 8 students from each grade, etc.

**Note: All students performing must wear name tags.*

Rehearsal:

The Artist will need a **full uninterrupted 30 minutes** for rehearsal with the selected students. Rehearsal must be held **in a quiet area**. If the performance space is unavailable, the Artist may use the library, a classroom or any other quiet area.

IMPORTANT: There should be one adult "assistant" from the school to attend every rehearsal and follow up session. This can be a teacher, an aide, or administrator.

I have read the above information and understand the selection process for my school. I will inform the Teachers and Principal to select the students according to the above information.
